4th Nov 1866.

Dear Miss Freeman

I thank thee for
thy kind note, and the
invitation to the house
evening of November
College. It is very
filling that Prof. Hous-
sard should light the
fire. I would be glad
to be a looker on but as
it is not yet the quarter,
I send a cheque which
I have no time to copy
and make better. With
all possible good wishes
for thee & Mellaey I
am always thy friend
